Projects

E-Commerce Website [🔗](#)

Developed a responsive E-commerce website using HTML, CSS, and JavaScript, featuring product listings, shopping cart functionality, and interactive UI.

Personal Portfolio Website [🔗](#)

Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and achievements.

Visualization Of Healthcare Monitoring Using MR Devices

Developed a healthcare monitoring system that uses mixed reality devices to visualize patient data in real time. This project enhances medical decision-making by providing interactive 3D insights into vital health parameters.

Co-curricular Activities

- Passionate about front-end development and intuitive UI design.
- Developed and deployed responsive websites using React.js, Tailwind CSS, and Bootstrap
